

THE MAIN FEATURES

HYPERFINE HIGH-END MARKING MACHINE UMT50S

- ▶ Good laser beam quality, smaller focus spot, ultra-fine marking
- ▶ Small size , high efficiency, high-repetition-rate, stable and reliable power
- ▶ Minimal heat-affected zone, no thermal effects, no material Burning issue

- ▶ Static marking
- ▶ Fast marking speed, high efficiency, stable marking performance
- ▶ Ultra compact, excellent sealing, ultra high precision

Specifications

Model: UMT50S

MAX Marking Speed: 10000mm/s

TEM00 Gaussian Beam: <2

Repeat Frequency: 20-100Khz

Marking Range: 100mm*100mm or 200mm*200 mm

Power Supply: 220/240V ;50HZ

Working Life: 20,000 Hours MTBF

Minimum Line Width: 0.01mm Minimum Character: 0.15mm

Dmension: 570mm*270mm*200mm

Total Weight: About 75kg

Operating System: Windows 7 32bit

Graphic Format Supported: BMP,DXF,PLT

Control Interface: Standard USB

File Format: All The Characters/ Fonts of WINDOWS Operating System

Device Type: Laser Marking Machine
