

# MC-3000 Co2

## MC-3000 CO2 Flying Laser Marking Machine

### PARAMETERS

Rated Power:30W

Weight: About 66KG

Dimension: 660\*750\*1420mm

Materials: Aluminum structure

Power Supply: 220V; 50HZ

Marking Range: 70\*70/100\*100mm

Marking speed: 10000mm/s

Cooling mode: Fan cooling

User Interface: High integrated control board , Embedded 7 inch industrial controlscreen; Dynamic & Static dual-purpose control system

External Socket: USB

# MQ-G Co2

MQ-G CO2 Flying Laser Marking Machine

## PARAMETERS

Rated Power: According to different model.

Weight: About 58KG

Dimension: 860\*630\*1500mm

Materials: Aluminum structure

Power Supply: 220V; 50/60HZ

Marking Range: 70\*70/110\*110/150\*150mm

Marking speed: 10000mm/s

Cooling mode: Fan cooling

User Interface: Mac Flying marking system, Machine plug-in 10 inch
